SUMMARY

I am a Front-End Developer with 1 year of experience specializing in building responsive and user-friendly web applications. Skilled in HTML, CSS, JavaScript, and React, I create modern and optimized interfaces that provide a seamless user experience across devices. I have strong knowledge of responsive design principles and a good understanding of teamwork and collaboration within development projects. My goal is to continue improving my technical expertise and grow as a professional Front-End Developer.

WORK EXPERIENCE

Khazarsoft   **Front-End Developer**

Baku, Azerbaijan · Full time   **Jan. 2025 – Present**

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and React
- Built modern, user-friendly interfaces optimized for different devices and screen sizes
- Collaborated with team members to deliver high-quality solutions within project deadlines
- Improved website performance and ensured cross-browser compatibility
- Participated in code reviews and contributed ideas to enhance user experience and design consistency
- Gained valuable experience in teamwork, problem-solving, and applying best practices in front-end development

FREELANCER   **Feb. 2025 – Present**

During my freelance career, I have worked on various web development projects, with a strong focus on creating responsive and user-friendly websites. One of the key projects I contributed to was the **High Result Academy** platform, where I played an active role in building the website from scratch. My responsibilities included developing the front-end using HTML, CSS, JavaScript, and React, ensuring responsive design across devices, and collaborating closely with clients to transform their ideas into functional solutions. This experience not only strengthened my technical skills but also gave me valuable insights into client communication, project ownership, and delivering high-quality results.

EDUCATION

Azeraijan Technical University   **Sept. 2022 - Present**

Computer Engineering

High Result Academy   **Feb. 2025 - Jul. 2025**

Front-End Developer Course
